

Behrens Photography / So You Headshots / So You Photography

Prices for photographers, assistants and electronic files, licensed for personal use*

Our base rate is \$150 per hour for each primary photographer and \$50 per hour for each assistant. There is a two hour minimum and there must be at least one assistant for each primary photographer. The assistants may photograph as well but, their first obligation is to assist the primary photographer.

After the photographs are taken, the images are first reviewed by our staff to ensure quality then a copy of the images are compressed and listed in our gallery as

- 1) a public file which can be view by the general public
- 2) a private file which is password protected
- 3) an unlisted and private file requiring a link and password to be viewed.

When clients have made their selection of images, the image files are burned to a CD or DVD and delivered to the client.

The following prices are geared to entertainers who "showcase" and play up to one hour shows.
(The pricing below is for one photographer without an assistant).

\$325 + expenses (parking etc.) if paid in full before the show.

\$425 + expenses (parking etc.) if paid in full after the show.
